COLLEGE ROTC UNIT TO MARCH IN INAUGURAL

Gettysburg will have two military units in the inaugural parade at Washington January 20.

In addition to the local company of the Army Reserve, 33 members of the Gettysburg College ROTC will march in the parade.

Company D of the Army Reserve here will march as part of the 313th Infantry's 1st Battle Group, comprising Company D here, Company C of Carlisle and Companies A and B of Reading.

The 33 Army ROTC cadets from Gettysburg College will march as part of a 198-man contingent of ROTC members from Gettysburg, Howard University of Washington, D. C., the University of Delaware, Dickinson College, Morgan State College of Baltimore and Western Maryland College of Westminster.

ALL ARE VOLUNTEERS

Cadet Lt. Col. Fred A. Dilkes of Western Maryland will command the ROTC parade unit. Among the other officers of that unit will be Dale F. Gordon, cadet colonel of the Gettysburg Army ROTC.

Officers of the Army ROTC program at the college today said the 33 men going from here are volunteers. The ROTC decided to put it on that basis because the students will be engaged in semester examinations at the time. Practically all of those who volunteered are members of the Junior class at the school.

A report from the XXI United States Army Corps at Indianapolis Gap today disclosed that the Army Reserve troops will be outfitted in full combat uniform, carrying rifles with bayonets attached during the parade.

The third largest number of babies in history was born in the Gettysburg district during 1960.

The records of Ralph C. Geiselman, registrar of vital statistics for the area, show 1,129 births in Gettysburg and Cumberland, Straban, Freedom and Highland Twp., during the last year.

That number compares to 1,110 in 1959, 1,146 in 1958, 1,158 in 1957 when the all-time high record was set, 1,055 in 1956, 1,081 in 1955, 1,002 in 1954 and 933 in 1953, the last year in which less than 1,000 births were recorded in the district.

All but five of the 583 boys and 546 girls born in the district during last year were delivered in Gettysburg. The records show 579 boys and 545 girls born in Gettysburg. Cumberland, Highland and Freedom each recorded birth of one boy; Straban's record was one boy and one girl.

DECEMBER RECORD

There were 230 deaths in the Gettysburg district during the last year. There were also 15 stillbirths, which are not listed under births or deaths in the records. The 15 stillbirths compare to 11 in 1959. There were 241 deaths recorded in 1959.

BULLETINS

VIENTIANE, Laos (AP)—The Laotian government's four newly acquired planes from the United States pounded the pro-Communist rebels' artillery positions 70 miles north of Vientiane today for the third straight day.

No reports were available so far on the damage but military experts said the Laotian pilots—trained in France and Thailand—probably would need more of flying to sharpen their aim.

ADAMS CATTLE TAKE HONORS IN FARM SHOW

Adams County had its best showing as a cattle raising area in many years at this week's edition of the Pennsylvania Farm Show at Harrisburg.

Two brothers, Dale and Larry Bair, sons of Mr. and Mrs. Theron Bair, Littlestown R. 2, won reserve championships, a first and second place in the Angus division of the 4-H Baby Beef competition, ably assisted by other members of the Adams County Baby Beef club.

Loy N. Orndorff, Littlestown R. 2, walked away with numerous awards in the Brown Swiss division including the reserve grand champion female award. As previously reported George E. Allen and B. G. Byars, Gettysburg R. 2, secured the lion's share of the top awards in the Angus beef cattle events, with John and Moses Spenseller, Gettysburg R. 2, also winning a second place in that division. Zora Hereford Farm, Fairfield R. 2, won a number of awards in the Hereford beef cattle events.

4-H HONORS

With one of the best list of entries since Adams County's 4-H Baby Beef club started the farm show Baby Beef event at the Farm Show decades ago, the Adams County 4-H Baby Beef Club members could argue they were beaten only by the grand champion of the show.

Dale Bair's Angus lightweight came in second in that class, with Maria Frey, 16-year-old Quarryville R. 2 girl, having the first place steer in that division. Larry Bair's light heavyweight Angus won first place in that division.

UP TO FINALS

When it came to selection of the breed champion, Miss Frey's entry, which had defeated Dale Bair's steer, also defeated Larry Bair's first place winner.

That victory led to the bringing in of Dale Bair's animal in the try for reserve grand champion of breed since his entry had been second to the grand champion. Thus of the five entries in the arena for the reserve breed championship honor, two were brothers from Adams County, Larry Bair's first place winner won the reserve grand champion award.

The Lancaster County girl's entry, which had defeated both of

Purported GOP Revolt To Oust Pitzer Collapses As Pfeffer Attacks Worley

GIRL SCOUTS' COOKIES WILL PAY OFF DEBT

Adams Countyans who eat Girl Scout cookies in February will help to complete payment of the mortgage on the county Girl Scout Council's Camp Happy Valley near Fairfield.

When the camp was established it was decided that profits from the annual cookie sale should go toward paying off the mortgage. Only \$1,250 remains to be paid and if the sale goes as well as usual this February 3 to 18, the last of the debt will be paid off.

At Wednesday evening's meeting of the county Girl Scout Council it was announced that if the mortgage is paid off this year it will have taken only five years of cookie sales to accomplish the payment.

At the same meeting it was also announced that birthday calendar reports are due January 25. The finance committee report showed \$2,605 raised so far in the county-wide finance campaign. East Berlin, New Oxford and Conowingo have not as yet reported on the drive from their areas according to the report.

Two neighborhood meetings were announced: Littlestown on January 25 at the home of Mrs. Charles Ritter and Gettysburg on February 9 at the Scout Office. Sues To Collect On Feed, Fertilizer

F. L. Weigle, Heidlersburg, is seeking \$847.15 from William Starner, Aspers, claiming that much is owed him on an eight-year-old feed and fertilizer bill, according to an amended complaint in assumpsit filed in the county prothonotary's office Thursday by Attorney Charles W. Wolf.

According to the complaint, Starner purchased \$817.75 worth of feed and \$339.50 worth of fertilizer from Weigle's store in Heidlersburg on February 1, 1952, and at other times that year.

Later \$305 was paid on the bill and articles worth \$5.10 returned, according to the complaint.

See Menchey's piano and organ sale on Page 2.

Three hundred Adams County Republicans gathered in the Hotel Gettysburg pressroom Thursday evening to hear an address by State GOP Chairman George I. Bloom and to witness the failure of an effort to push through a "lack of confidence" resolution against County Chairman H. Earl Pitzer, Aspers.

Today Pitzer remained firmly in control of the county committee after ruling that the meeting Thursday was called for specific purposes and there will be no voting. He "let his hair down and called a spade a spade" in listing instances of harassment during the past campaign by Vice Chairman Elma Group and Assemblyman Francis Worley.

Worley was not present and Mrs. Group asked the floor to defend her actions and to insist that "we can't get together when a small group on this committee tells the rest of us what to do and gets away with it." The meeting adjourned a short time later without the resolution of no confidence being offered or any effort being made to provide for a secret vote on it.

PFEFFER SCORES WORLEY

State Committeeman Fred G. Pfeffer came strongly to the defense of Chairman Pitzer. "I'll take my bumps along with Earl," he said. "If there was any plot by Pitzer against Worley, I'd have known about it. I hope this whole business stops right here but, if they're successful in removing the chairman, I'm going to go out with him and Mr. Bloom, you'll have my resignation."

Pfeffer had been asked by Chairman Pitzer to take the floor to read and comment on a letter some committeemen received before Thursday's meeting from the vice chairman, Mrs. Group.

Noting Worley's absence Thursday evening, Pfeffer said he wished he "were here for face to face debate." He pictured Worley as "a plumed knight in shining armor, far from the field of conflict, in hiding in upper Adams County, while his girl Friday attacks the county chairman alone."

He continued: "I'm sorry Mrs. Group has followed this false prophet. She has my sympathy. It's regrettable she has been maneuvered into this position."

"LOOKING FORWARD"

Pfeffer told the committee, "We ought to be looking forward instead of back. Some of the matters referred to in Mrs. Group's letter occurred 20 years ago and under other chairmen. We're trying to put salve on old wounds, not look back on old controversies."

Before the party troubles got their airing, Chairman Pitzer revealed that Col. John S. D. Eisenhower had declined an invitation to be the speaker at the county Lincoln Day dinner at the Gettysburg High School February 16 because Army regulations did not permit his speaking at political gatherings.

REPORT MORE PRIESTS ARE UNDER ARREST

By BERNARD DIEDERICH
PORT AU PRINCE, Haiti (AP) — Unconfirmed reports of more arrests of Catholic priests and a series of noise bombs added to tension in Port au Prince today as striking students prepared for possible clashes when schools reopen Monday.

President Francois Duvalier's regime, which expelled Roman Catholic Bishop Remy Augustin this week and earlier deported Archbishop Francois Poirier for allegedly aiding the strike, was denounced as a police state in student leaflets calling for democratic elections.

Censorship under martial law prevented Haitian newspapers and radio from telling the predominantly Catholic population in this Negro republic of the Vatican's excommunication of those responsible for the expulsions. Haitians learned of it from the radio of the neighboring Dominican Republic.

STUDENTS ON STRIKE
The papal nuncio called a meeting of five bishops from the provinces where unconfirmed reports said more priests have been arrested.

University students have been on strike since November in protest against the arrest of 20 students accused of distributing Communist propaganda. Duvalier freed those arrested last month. The strikers now are demanding repeal of a decree making parents responsible for classroom absenteeism and requiring students to get police clearance that they are not communists.

Noise bombs at three schools this week emphasized the demands.

23 EXPOSED TO RADIATION

IDAHO FALLS, Idaho (AP)—The Atomic Energy Commission says 23 men were exposed to radiation after last week's explosion of a nuclear reactor, but checks show no clinical symptoms in any of them.

The blast on the AEC eastern Idaho testing station Jan. 3 killed three young servicemen. The commission said in Thursday's report that one victim lived more than two hours after the explosion.

The 23 men were exposed to radiation while working in relay teams to recover the bodies and assess the damage inside the cylindrical reactor building. They wore protective clothing.

The blast killed Army Spec. 5 John A. Byrnes, 27; Spec. 4 Richard L. McKinley, 22, and Navy Electrician L.C. Richard C. Legg, 26.

They were getting the reactor—a prototype of a mobile heat and power unit for the armed forces—ready to start up after a 10-day shutdown.

The AEC didn't say which men lived for a time after the blast.

Committees For Fair Are Named

Further plans for the annual fair to be held by the Cashtown Fire Department February 2, 3 and 4 were outlined Thursday evening at a meeting of the committee in charge at the Cashtown fire hall.

The soliciting committee, including Harry Redding, John Whitney, Robert Baitzley, Rev. Henry R. Early, Kenneth Biesacker, Kenneth Mickle, Edgar Dillon, Paul Irvin, Ivan Gulden, Ira Bollman, Harman L. Spence, Glenn Musselman Jr., John Bucher, Glenn Herring, Thomas Culp and Merle Brewbaker plus Boy Scout members from the area, reported its part of the work "about completed." A number of callbacks to homes visited during the absence of owners and others where the solicitors were asked to return will be completed in the near future according to the report.

Kitchen and dining room chairmen reported plans to serve chicken and waffles on February 2; oysters and turkey on February 3 and fried chicken and roast beef as the main dishes on February 4.

Stop Enlistments In Pennsy Guard

INDIANTOWN GAP, Pa. (AP)—A temporary freeze is in effect on enlistments in the Pennsylvania Army National Guard.

Maj. Gen. A. J. Drexel Biddle Jr., state adjutant general, confirmed Thursday that the order was in effect.

He said the step was taken about a month ago because the guard, the 28th Division, was about 400 men over the authorized strength of 18,200.

Biddle estimated recruiting would resume in 30 to 60 days. The commanding officer added that the enlistment freeze was a routine procedure that has been taken about four or five times in the past.

TENSE HEARING ON R. KENNEDY

WASHINGTON (AP) — Senate Republican Leader Everett M. Dirksen said today the selection of Robert F. Kennedy to be attorney general marks a departure from the idea of putting a seasoned lawyer in the office.

"I think the country has always felt that the attorney general should be a legal scholar and learned in the law," the Illinois senator said at a Judiciary Committee hearing on the appointment.

Democratic members of the committee quickly sprang to the defense of Kennedy, 35-year-old brother and campaign manager of President-elect John F. Kennedy.

Sens. Sam J. Ervin Jr., D-NC, and John A. Carroll, D-Colo., said they had been struck by a strong parallel between the experience of Kennedy and William P. Rogers, attorney general in the outgoing Eisenhower administration.

Both Robert Kennedy and Rogers are former counsel of the Senate Investigations subcommittee.

The hearing on Kennedy's selection to be a member of the new Cabinet got off to a crisp, tense start in a jam-packed hearing room.

JOBLESS UP HALF MILLION

WASHINGTON (AP) — Unemployment rose by half a million in December to 4,500,000 — highest December total since 1940.

Employment declined by 1,173,000 to 66,009,000.

Announcing these figures today, the Labor Department also reported that the rate of unemployment to the total work force rose from 6.3 per cent in November to 6.8 per cent. This is the highest December rate since 1940. The percentages are seasonally adjusted.

Seymour Wolfbein, Labor Department manpower expert, said that the idle total is going up further this winter.

Wolfbein said that if the seasonally adjusted 6.8 per cent idle rate remains unchanged the unemployed total will increase by one million to 5½ million during January.

Seek Officer With Access To Secrets

LONDON (AP)—Police were on the lookout today for a missing British navy officer the Admiralty announced had access to secret NATO documents.

Lt. Henry Drummond, 35, disappeared New Year's Day. He is a cipher and communications officer.

"He's always been a steady and reliable man and is happily married with two children," said a British Admiralty spokesman. "There is no evidence that his disappearance was premeditated and it is quite out of character. We are confident there is no question of defection."

The spokesman said that Drummond must have had access to some secret information, but as he was a fairly junior officer this probably was of minor importance.

CASTRO CALLS RALLY TO CURB ANGRY UNIONS

By ROBERT BERRELLEZ
HAVANA (AP)—The workers' rally called for tonight by Fidel Castro is generally believed to be a move to whip dissident labor factions into line.

Observers saw the latest big parade as an attempt to counter the effect of the open demonstration of anticommunist last month by electrical workers, who marched on the presidential palace shouting "Cuba si! Russia no!"

That resulted in a nationwide purge of their union, including the anti-Communist leadership. The labor confederation hierarchy has been successful so far in putting down the dissension.

It was generally assumed that Castro would address the rally to night.

"INVASION" OFF

He is expected to announce that the "invasion" from the United States had been scared off by the extensive display of Czech and Soviet arms which has made much of the island an armed camp for several weeks.

Roman Catholic Church sources said that the heads of all parochial schools have been summoned to an urgent meeting. The informants said the conference may draft a protest against the occupation of Belen College by Castro's militia last week.

Classes at Belen, a grammar and high school operated by the Jesuits, were suspended when troops moved in — as they have into numerous other public buildings — on the pretext of invasion defense.

Historical Map Issued By AAA

Sites of important battles, monuments and historic homes and buildings along with major highway approach routes are shown on a new Civil War Historical map produced by the cartographic department of the American Automobile Association, it was announced by William E. Miller, general manager of the AAA Gettysburg Motor Club.

Issued in cooperation with the Civil War Centennial Commission which is spearheading a four-year commemoration of the War between the States, the map is available at club headquarters in Lincoln Square. It features detailed key listings to major points of interest, along with principal highway identifications.

Mr. Miller also said the map contains a selection of photographs of Civil War sites taken by A. Aubrey Bodine, noted Baltimore photographer, and descriptive copy by Bruce Catton, Pulitzer prize-winning author of "A Stillness at Appomattox."

"This unusual AAA map," Mr. Miller said, "not only is a useful directory to important historical areas but a valuable souvenir of the coming centennial observance."

ABC SHOW IS RUN DISPIE OBJECTIONS

NEW YORK (AP)—Ten stations of the American Broadcasting Co. presented the taped TV show "The Untouchables" Thursday night despite a warning from the director of the U.S. Bureau of Prisons.

At the end of the one-hour program came a network announcement that nothing in the show was intended to reflect on the integrity of the bureau.

In a telegram last Monday the bureau's director, James V. Bennett, told the 10 TV stations that his organization would oppose renewal of their broadcasting licenses if they showed the second installment of the two-part program called "The Big Train."

The theme—admittedly fiction—involved an abortive attempt by mobsters to free Al Capone from a transcontinental train transferring him and other prisoners from Atlanta to Alcatraz prison in San Francisco Bay. The show depicted a prison guard as being in cahoots with Capone.

Bennett, after the first installment, asked ABC to withhold the second until he had consulted with the Federal Communications Commission and the U.S. attorney general.

"To picture honorable and courageous officers as venal, and a public institution like the Atlanta Penitentiary as toadying to a character like Capone," said Bennett, "is an unforgivable public disservice."

"HIGHLY INCENSED"

Omar F. Elder Jr., vice president and general counsel of ABC, had wired a reply to Bennett in which he said he doubted anyone would interpret the unfavorable portrayal of one or two guards as "representative of, or cast any general reflection upon, the integrity of other members of that group."

In Santa Fe, N.M., Harold A. Cox, who has an official at Atlanta prison when Capone was moved from there, said he was "highly incensed" by the program.

Cox, now warden of New Mexico Penitentiary, said the program should be labeled as fiction if it was intended as such.

GOP Revolt

(Continued From Page 1)
overall objectives as Republicans are vastly greater than personalities."

Chairman Pitzer lauded the work of the GOP women in the county and singled out Mrs. Fidler and Mrs. Kenneth Johns, who was in charge of the campaign booth, for special praise. He urged committeemen to see that tickets in their districts are filled with good candidates and stressed the need for registering new Republicans "to keep our county Republican and to keep Republicans in the courthouse and in local offices." He added: "We've got to do all this without any patronage. We have no jobs to hand out and in that respect we're in worse shape than last year."

The party strife subject came up when Chairman Pitzer said Congressman Goodling and State Senator Hawbaker had sent regrets at their inability to be present but that Mr. Worley had been invited, was absent and sent no regrets. It was then that Pitzer "let down his hair" and declared he was tired "being pushed around and I'll either be the county chairman or be thrown out on Carlisle St. It seems that nothing I and the committee have done suits Mrs. Group or Mr. Worley."

BACKED ENTIRE TICKET

"I went down the line for the Republican ticket all over the county. And we won. I've had no secret meetings and the only apology I have is that I agreed to a secret meeting last spring when Mrs. Group was elected. This committee is going to be run like a school board, a bank board, the legislature or Congress where people stand up and are counted. The people who elected you have a right to know how you vote."

He explained delays in mailing three checks to committeemen in an unidentified township, lauded Finance Chairman Orville Orner for his committee's achievement of raising \$13,000 for the last campaign in the county and when Pitzer lauded Mrs. A. W. Butterfield, defeated last spring by Mrs. Group, as "one of the hardest working vice chairmen we've ever had," the crowd applauded.

Pitzer reported that Worley had campaigned for support for himself rather than for the whole ticket in instances that had come to Pitzer's attention.

GETS NO SALARY

"Being a county chairman costs me more in gasoline and phone tolls than some candidates put into the campaign. I don't get a salary for being chairman." During the evening it was brought out that Goodling and Hawbaker each gave the county committee \$500 while Worley turned in \$150. Each had been asked for \$1,000 but Pitzer said Goodling and Hawbaker offered to give more if it were needed while Worley refused.

"I like to do what's best for all the people, best for the party," Pitzer concluded.

Mrs. Group opened her remarks by saying that she did not "see why under Roberts Rule of Orders we can't vote tonight. This committee isn't run by one man."

Pitzer interrupted to say there would not be any voting. "Until we have proof that your letter on the meeting went to all the committee, that they all had notice, there will be no voting." In Mrs. Group's letter it was pointed out there was no time to get letters to all of the committee. Mrs.

Jobless Reaches Two-Year High

HARRISBURG (AP) — Unemployment compensation claims rose last week to the highest levels since 1958, the Bureau of Employment Security reports.

The Bureau Thursday reported continued claims of 333,495 for the week ended Jan. 6 compared to 282,421 for the last week of December and 208,368 a year ago. It was the highest since May 1958.

New claims rose to 77,508 from 74,079. A year ago the volume was 52,224 claims. Last week's mark was the highest since January 1958.

Group said Pitzer's letter on the meeting did not give the required 10-day notice.

CROWDS GETS RESTLESS

Some in the crowd grew restless as Mrs. Group explained she had run for the vice chairmanship at the request of "many interested citizens." She had stood once for quiet after denying Pfeffer's label as "Worley's Girl Friday." She declared, "My part in this campaign has been overlooked and belittled from June until now" but said she had cleared all her official actions with the county chairman.

Twice she sent memos to the chairman about "what was going on but it wasn't stopped." She said there were "instances in the official family and people joked about a Nixon-Clark ticket here. They ask us to forget the past but they keep repeating the old pattern. It's time to stand on our own feet." She agreed party harmony must be attained. Then she asked if there were questions.

John Pitzer, a Menallen Twp. committeeman, rose to ask why he had been named in Mrs. Group's letter as one of the "offending committeemen." Mrs. Group said she had been told John Pitzer had asked Stewart Heller, of Aspers, to vote for Clark against Worley.

MRS. GROUP APOLOGIZES
Pitzer denied on the floor he had asked Heller to vote against Worley or had even discussed politics with him.

Today Mr. Heller called The Gettysburg Times to add his denial. He said he had not talked politics with Pitzer and told The Times he called Mrs. Group to deny and received an apology for using his name Thursday night.

Thursday night John Pitzer told the committee: "If we work against a candidate in Menallen, there will be more than 210 votes cast against him." That figure was given as the margin by which Worley carried Menallen in 1960 and was described as close to his margins there in 1956 and 1958.

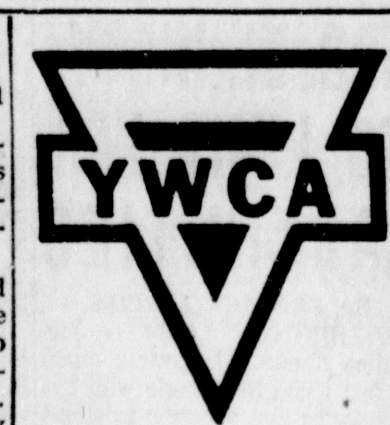

Mrs. James Schwenk rose to say, "Mr. Worley was elected. Let's forget about all this business and act like Republicans." Adjournment came a few minutes later at 9:35 p.m.

Mr. Pitzer had insisted several times during the meeting that the only purposes for the meeting were to hear Mr. Bloom, discuss the Lincoln Day dinner and talk about registration.

He introduced Craig Truax, executive assistant to Mr. Bloom, who accompanied the latter here for the meeting.

Mrs. Group took her place among the other committee officers and guests at the speakers' table before the meeting began, at the invitation of the county chairman.

AMVETS TO FEED GAME

Plans to furnish feed for wildlife on the 60-acre property owned by the organization were outlined Tuesday evening at a meeting of the Fairfield Amvets in their home near Fairfield.

Members of the organization have been providing feed individually since the snows began in December, it was reported at the meeting, and the motion was to put the feeding on a regularly scheduled program as a post activity.

Raymond Miller, George Weber and William Izer were appointed as representatives from the Amvets to a meeting January 17 at the VFW for formation of an Adams County Veterans Council.

The drill team will provide the firing squad, color guard and pallbearers for the funeral of member Ernest Harbaugh, it was announced.

James C. Mitchell, Gettysburg, and Dean A. Orner were elected members of the post at the meeting at which Third Vice Commander Harry McDannell presided.

Vice President Kenneth McClellan presided at a meeting of the directors held prior to the post session and at a meeting of the Home Association at which seven social members and three military were admitted to membership.

FIFTEEN YEARS AGO

Five Are Hurt In Two Crashes
Over Weekend: Five persons were injured, none seriously, in two motor vehicle accidents on Adams county highways over the week-end.

Three were injured when cars driven by Ernest C. Harbaugh, 29, Turner, Emmitsburg R. 1, collided five miles west of Fairfield on the Zora-Bleue Highway, Sunday at 5 p.m. Damage caused by the accident was estimated at \$175.

Library Lends 500 Volumes In Its First Week: A total of 327 countings registered as borrowers at the Adams County Free Library last week—the first week of service rendered by the library—and 500 volumes were borrowed, an average of more than 80 books a day.

Miss Kathryn Oiler, librarian, said the list of registrants included 90 adults and 237 juveniles. The books taken out for reading included 274 books of juvenile fiction and 101 nonfiction books for juveniles, chiefly fairy tales and history. Adult readers were chiefly interested in fiction, taking 101 books from that category and 24 volumes on travel, biography and other types of nonfiction.

Steel Strike Is Postponed For One Week: The wheels of the nation's steel industry kept turning today as CIO-United steelworkers reported for work, their scheduled walkout postponed a week for further wage negotiations.

Production at "basic" steel plants—those which convert ore to pig iron and iron and scrap to steel—was below normal as the companies sought to restore the output of blast furnaces and open hearths banked and cooled in anticipation of a shut-down. An industry spokesman said this task might not be completed before Wednesday.

Says Veterans Not 'Careless' Toward Church: The men coming back from the war fronts are not "careless" in their religious duties but are even better church workers than before, Msgr. Patrick F. McGee, McSherrystown, told the Southern Regional Association of Holy Name Societies Sunday afternoon at its quarterly meeting in Littlestown.

Monsignor McGee, addressing the more than 100 delegates from Holy Name Societies from York, Adams and Franklin counties, urged that each parish provide some type of special services for the returning service men "to give them a chance to be alone with God for a little while. If we priests and the nuns need a retreat annually to renew our spiritual life how much more do these servicemen need such help for many years many of them had little time for God. For weeks and months it was impossible for them to attend mass. Many seldom were able to go to confession, securing general absolution before going into battle. Yet despite all this they are not careless in their religious duties."

College Takes 3 Frat Houses For Veterans: Gettysburg College, moving to provide housing for the approximately 175 returned war veterans who wish to continue studies interrupted by the war, today took over three fraternity houses as a measure to ease the lack of rooming facilities.

Dr. W. E. Tilberg, dean of the college, announced that the ATO fraternity house on North Washington street; the SAE house on West Lincoln avenue and the Phi Psi house on the college campus have been taken over by the college for use in housing the veterans.

Red Cross To Seek \$14,050 In 1946 Drive: More Cases: Despite the fact that work of the Red Cross will probably remain at an all-time high this coming year because of cases growing out of World War II, the Adams County Red Cross chapter's quota for its forthcoming fund drive will be only \$14,050, just half of last year's amount.

Today's Talk

LIFE'S WAYSIDE TALES

Some 20 miles out from Boston, Mass., is located one of America's most famous old inns—one that Henry Ford so perfectly restored and threw open to the public. Here it was that Longfellow was inspired to write his fascinating "Tales of a Wayside Inn." Here, too, Lafayette once spent the night.

Rather recently a fire destroyed a part of this historic structure but it was soon restored again.

The old inn was very useful too. Thousands from all parts of the world ate there and later Mr. Ford, who delighted in old-fashioned dances, had a fine dance floor built.

There is nothing approaching Henry Ford's vast educational project at Dearborn, Michigan, though. Here are collected certain relics of the American past which Mr. Ford so venerated—objects intended to recall the development of industries and cultural life in the U.S.A.

Here is the museum of The Edison Institute. Its many surrounding acres include exhibits of old automobiles, locomotives, fire engines and furniture; and adjoining the museum is Greenfield Village. Here are many separate buildings illustrating 19th Century America—many moved from their original sites, along with the birthplaces of Ford, George Washington Carver, Luther Burbank and others.

More money meant little to Henry Ford, however. He liked the development of ideas. He lived comparatively simply.

Mr. Ford just loved old inns. They seemed to stimulate his love of America and all its traditions. And, at times, he and his friends would sit in the "Wayside Inn" and tell tales of their own. Hilaire Belloc once wrote inns "are the mirror and at the same time the flower of a people."

There is something of the shrine about a well ordered inn. A place for peace and meditation.

Tomorrow Mr. Adams will talk on the subject: "Finished Undertakings"

Just Folks

REPORTED MISSING

Where is that fellow so pleasant to know
We met everywhere just a few weeks ago?
His name should be Christmas. He seems to appear
Just like the glad season but once every year.

He was friendly and gracious. His laughter was gay.
He had nothing but good of his fellows to say.

He never complained; with this life seemed content.
All rejoiced when he came and were sad when he went.

He seemed like a stranger just passing through town.
On his face none remembers beholding a frown.
He smiled as he chatted but, just as I feared,
With the spirit of Christmas he, too, disappeared.

MRS. KENNEDY TO LIMIT HER ACTIVITIES

By FRANCES LEWINE

WASHINGTON (AP) — Jacqueline Kennedy is getting ready for her White House role with two secretaries and a public relations aide.

But, she's going to get into it slowly, giving herself plenty of time to recover from the caesarean birth Nov. 25 of her second child, John F. Kennedy Jr.

The word came from her Palm Beach resort resting place Wednesday that Mrs. Kennedy plans to take part only in the main festivities of her husband's inauguration.

ALMOST EVERYTHING

That includes just about everything she'd been expected to attend except a pre-inaugural reception Jan. 18 for distinguished ladies. About 4,500 guests are expected for the reception in the National Gallery of Art.

But, the announcement serves notice that Mrs. Kennedy won't be at any of numerous unofficial celebrations Washington big-wigs are planning.

The future first lady, 31, has been engaged in a quiet planning operation. Shortly after Jan. 1, she called in her former part-time secretary, Mrs. Raymond Gallagher, a mother of two who lives in nearby Alexandria, Va.

PICK 3 AIDES

At Palm Beach, the two have been working on correspondence and other chores.

Meanwhile, in Washington, Mrs. Kennedy's social secretary, former schoolgirl friend Letitia Baldrige, went to work in preparation for the White House moving day.

The latest addition to Mrs. Kennedy's personal entourage is Pamela Turnure, 23, who will help with public relations. A former secretary in Kennedy's Senate office, she has been added to the White House staff of News Secretary Pierre Salinger.

Mrs. Kennedy thus will have as her aides three women who have been close to the Kennedy official family long before the presidential election.

Tall, Smooth Penn State Quint Laces Bullets By 76-58 Score; Frosh Win

One of the largest crowds in history jammed Eddie Plank Memorial Gym only to watch a mufti Penn State basketball team roll to a 76-58 win over the Gettysburg College cagers Thursday night.

An estimated 1,600 fans packed the gym to see Bob Hutton's cagers fight gamely the whole way. Penn State put on a fine exhibition of controlling the boards and sharp shooting. John Egli's Staters are now 7-5 on the season while the Bullets are 8-3. In 23 games with the Nittany Lions since 1901 the Bullets have won twice.

Jake Trueblood, State's 6-5 center, got the ball game rolling with a jump shot, but Bob Parker snapped back for the Bullets with another jump shot to knot the count early in the game. Gettysburg moved ahead 3-2 on Bill Fitzkee's foul toss. Gene Harris added a foul for the visitors and at 2:34, Ron Warner made it 5-3 with a jump shot from the right side.

FIRST HALF CLOSE

Harris followed with another free throw and at 3:20 Penn State moved ahead for good on Mark DuMars' drive through the center. Warner converted a drive up the middle into a three-point play to cut State's lead to 14-10. The Bullets closed the gap again to four points with 5:22 remaining. Ted Koerner connected from the foul circle and Parker landed a long jump to make it 20-16. Penn State went on to hold a slim 27-20 lead at intermission.

Parker was the first to score in the second half as he landed a jump, but Penn State came back with seven straight points by DuMars and Trueblood to make it 34-22. From that point on the Lions continued to increase the gap.

Trueblood took the scoring honors with 18 tallies. DuMars and Warner each collected 17 while Gene Harris netted 16. Parker registered 13 for the Bullets with Ted Koerner landing 10. Penn State outscored the Bullets 51-38 with Harris grabbing 17. Warner, who was all over the court, netted seven for Gettysburg.

The Bullets' freshman squad had a tougher battle on their hands than was expected as they pulled a 66-55 decision out of the fire over York Junior College in the preliminary contest. York, sporting one of its better teams, is now 9-3 on the season while the Gettysburg yearlings are 7-2.

Don Szegda, the speedster from Chester, was high scorer with 20 points. Richard Lee topped YJC with 16 tallies. Pat Gillen, who did an outstanding job under the boards, netted 15 rebounds.

ST. JOSEPH'S NEXT

Gettysburg will be idle until January 21 when another large crowd is expected to be on hand when the Bullets entertain a powerful St. Joseph's outfit. Both teams will be battling for better positions in the Middle Atlantic Conference. There will be no freshman game. John Carpenter's yearlings will resume action on February 2 when they meet the forces of Bucknell on the home court.

AFL OWNERS OPPOSE ANY EXPANSION

By MAX B. SKELTON

HOUSTON (AP) — Three applications for new franchises were on hand today but two American Football League owners said they will oppose expansion of the year-old league for the 1961 season.

Commissioner Joe Foss declined to identify the applicants or cities involved as the league began the second day of its first winter meeting.

Unanimous approval by the current eight clubs is needed for expansion. Two owners told reporters they are unalterably opposed to any additions this year.

Foss declined comment on 1961 possibilities but indicated expansion is a definite possibility for 1962.

"All three groups would like to start the new teams this year but qualify their applications by asking also that they be considered for 1962," he said. "As new teams next year they would receive priority in the next AFL draft."

The three applications actually involve five cities.

"One is from a group that is interested in any one of three cities," Foss said. "They've stated their preferences but the league could select any one."

Late arrival of Oakland representatives caused the owners to consider only routine reports on game officials and television Thursday.

The Philadelphia Warriors are maintaining a hot pace in the Eastern Division of the National Basketball Association, but have not been able to cut the Boston Celtics' two-game lead.

The Warriors won their sixth game in their last eight starts with a 111-102 victory over the St. Louis Hawks Thursday night. But in the first game of the double-header at Philadelphia, the Celtics made it seven-out-of-eight with a 124-118 overtime conquest of the Syracuse Nats.

In the only other game, the Detroit Pistons returned to their old home at Fort Wayne, Ind., and downed the Cincinnati Royals 124-112.

With Bob Pettit getting only 15 points, the Warriors led all the way against the Hawks and at times had leads of 19 points. Wilt Chamberlain paced the winners with 37 points.

Bob Cousy's 33 points and 23 by Tom Heinsohn powered the Celtics to their victory over the Nats.

Detroit, with 18 straight victories over Cincinnati at Detroit grabbed the lead at the start of the fourth period and pulled away. Bailey Howell scored 33 points for the Pistons, topping Oscar Robertson's 31 for Cincinnati.

Montreal Halts Toronto Title Bid

By THE ASSOCIATED PRESS

The Montreal Canadiens, bidding for their fourth straight National Hockey League title, have turned back, at least temporarily, the Toronto Maple Leafs' bid for a share of first place.

In a position where a defeat would have forced them to share the top spot with Toronto, the Canadiens applied all 1 of their power for four goals in the second period Thursday night and went on to down the Maple Leafs 6-2. The victory lengthened their lead to four points.

The Boston Bruins and the New York Rangers, with only an outside chance of reaching the Stanley Cup playoffs, battled to a 4-4 tie in the only other game.

Busby And Philley Sign With Orioles

President-General Manager Lee MacPhail today announced that the Orioles had signed outfielders Jim Busby and Dave Philley to Oriole contracts for 1961.

Both Busby and Philley were released, plans for league expansion had not been adopted, nor was any plan for stocking the two new franchises in effect. The Orioles lost seven players off the major league roster under this plan, and another two at the AAA level. A significant factor in the resigning of Busby and Philley is the fact that four of these nine players were outfielders (Woodling, Hinton, Pearson, Burke), which would have meant, had Busby and Philley not returned to the fold, that the Oriole outfield picture would have suffered a severe blow depth-wise at the major league and AAA level.

Busby, after joining the club on June 14, from the Miami Marlins, was used as the starting center-fielder against lefthanders, and for late inning defensive purposes. In his second tour with the Birds, Busby hit .258 while appearing in 80 games.

Acquired from the San Francisco Giants on September 2, for his second tenure with the flock, Philley saw action in 14 games, hitting .265.

CARDINALS ARE HAPPY ABOUT CANADIAN STAR

ST. LOUIS (AP) — The football Cardinals reached over into Canada in a bid to solve their thorny quarterback problem. They have signed former Montreal Alouette ace Sam Etcheberry.

But there is some question of whether they can legally hang on to him.

Cardinal Coach Frank (Pop) Ivy, would say only of the hope for acquisition: "He'll add depth and valuable experience to our quarterback staff."

VERY HAPPY

The coach declined to predict that Etcheberry, named most valuable player in the Canadian League last season, would make the Cards an immediate contender in the National Football League. "You make predictions like that in this league and you're likely to get your teeth kicked in."

But both he and Managing Director Walter Wolfner were obviously happy to have Sam on their side.

He was signed to an outright two-year contract, reportedly in excess of \$20,000 a year.

Etcheberry's signature on the contract ended nearly a week of frantic negotiations between him and Wolfner and legal consultations involving Pete Rozelle, NFL commissioner; Syd Halter, Canadian League commissioner; and Marshall Leahy, NFL attorney.

Bernie Hewitt Is Aided By Friends

Bernie Hewitt, 30, Gettysburg, R. D. jockey who was seriously injured in a fall while riding at Charles Town, W. Va., last month, was honored at a benefit dinner Tuesday evening at the Moose Hall in Charles Town.

Hewitt suffered a broken back in a fall in 1958 but returned to the saddle last month only to fall from his first mount and suffer a broken cheek bone, fractured nose, damage to his right eye and injury to his left ear which has resulted in losing the power of hearing in that ear. He will never ride again.

About 500 persons, at \$2.50 each, many of whom were jockeys, track officials and fans, TV and radio entertainers, put on the benefit party. All proceeds will go to Hewitt who is a patient at the Charles Town General Hospital.

Sea Island Ladies' Open Starts Today

SEA ISLAND, Ga. (AP)—Twenty-five elite women golfers take to the fairways today in quest of prizes totaling \$6,000 in the Sea Island Ladies Open.

The amateur entries, 75 strong, warmed up the tricky, 6,250-yard course Thursday. The best of them, Mrs. T. R. Garlington Jr. of Atlanta, managed only a 41-42—83, eleven strokes off par.

Heading today's opening round for the pros are the defending champion, Louise Wright of Dallas, and Lucie Suggs of Atlanta.

The experts pick them to duel it out for the title with Miss Wright getting the favorite role because she has won this tournament the past three years.

Both the amateurs and the pros will play 54 holes of medal play, the amateurs finishing Saturday and the pros Sunday.

PHILADELPHIA (AP) — Two small college coaches say time-keeping in basketball is dishonest in some instances because of the clock being handled by persons swayed by loyalty to the home team.

Sam Cozen, head basketball coach at Drexel Tech, said Thursday that "many, many games are being won and lost on the clock and I think it's about time that something is done about it."

Cozen told a gathering of the Philadelphia Sports Writers Club that he was reluctant to bring the charge into the open. He said it was largely a problem of the smaller schools.

SAYS COLLEGE TIMEKEEPERS DISHONEST IN CAGE CONTESTS

PHILADELPHIA (AP) — Two small college coaches say time-keeping in basketball is dishonest in some instances because of the clock being handled by persons swayed by loyalty to the home team.

Sam Cozen, head basketball coach at Drexel Tech, said Thursday that "many, many games are being won and lost on the clock and I think it's about time that something is done about it."

Cozen told a gathering of the Philadelphia Sports Writers Club that he was reluctant to bring the charge into the open. He said it was largely a problem of the smaller schools.

"Timekeeping is the most dishonest thing in basketball today," he said. "We were in one game when only three minutes went by on the clock as we played 19 minutes of basketball."

Without mentioning any specifics, Cozen said he knew of cases where college professors handled the clock dishonestly to help their teams.

Al Carino, coach and athletic director at Rutgers of South Jersey College, echoed Cozen's remarks.

MENTION TIMEKEEPERS

"I know one faculty member, after he left a certain college, who boasted to me he had taken a game away from us by cheating on the clock," said Carino.

Carino did not name the faculty member or school.

Carino recommended the hiring of a neutral timekeeper, selected in the same manner as the referee.

He said New Jersey high schools use a third referee as an official timer in tournament games and suggested that colleges could do the same thing.

The official timekeeper at football games always is one of the game officials.

ERIC MONTI IS EARLY LEADER

By BOB MYERS

Associated Press Sports Writer

SAN DIEGO, Calif. (AP)—Eric Monti of Los Angeles, who was seven strokes off the pace a year ago, led the field into the second round of the \$20,000 San Diego golf tournament today.

The 41-year-old teaching professional had a brilliant first round 66, five-under-par. But he was only one stroke ahead of his nearest rival as play was resumed over the par 35-67 Mission Valley County Club course.

In a three-way tie for second place at 67 were Gary Players of South Africa, who missed a \$10,000 hole-in-one prize by 10 inches Thursday; Jerry Barber, 135-pound veteran from Los Angeles, and Marty Furgol, another old-timer who won the tournament in 1959.

OTHERS FOLLOW CLOSELY

Just two shots behind Monti were six threats—Bob Goalby, the Los Angeles Open winner last Monday; ex-National PGA champion Lionel Hebert; Bo Winginger, Don January, Frank Boynton and Darrell Hickcock.

Best known name in the 69-bracket was Arnold Palmer, who rebounded from his sad 12-stroke blowup on one hole in the Los Angeles Open that sent him out of play after two rounds. Palmer shot a 34-35 to tie the Billy Casper Jr., and eight others in the San Diego event.

Some of the other better known pros faded rougher going.

Mike Souchak, the 1960 San Diego winner, was tied at 72, with Art Wall Jr., and Dow Finsterwald and others.

NCAA ASKS FOR HONOR PLEDGE

PITTSBURGH (AP) — The National Collegiate Athletic Association has adopted a program which asks member institutions to certify once a year that their school is living up to NCAA rules.

This program and the initiation of a hockey investigation were the chief items of business Thursday at the closing of the association's 55th annual convention.

The certification program is similar to action taken in 1955 when head officers of schools were asked to certify that their schools were complying with regulations.

HOCKEY PLAYS

That was during the time when the NCAA council had adopted a "tough" program of enforcement of rules, especially those covering recruiting and subsidies.

The hockey investigation has to do with the importation of Canadian ice hockey players by colleges in this country.

Byers said the chief target of the investigation will be to find out if some colleges have a considerable number of Canadians. Canadians generally are better at hockey than Americans.

GOOD THINGS IN OLDEN DAYS REMEMBERED

By HAL BOYLE
NEW YORK (AP) — Your past is showing if you like to remember about when—
A father welcomed his son to manhood by giving him a gold pocket watch on his 21st birthday. Mother could still bake bread like her own mother used to bake. People waited hopefully for Houdini, the great magician, to send a message from beyond the grave. **EXTINCT RACCOON**
Nobody feared the atom. How could you be afraid of something so small you can't even see it? Naturalists sternly warned raccoons might become extinct if college boys didn't stop turning them into coats.
A woman felt half-dressed unless she had a couple of silver fox furs swinging from her neck.
The Woolworth Tower was the world's tallest office building, and it was seriously debated whether, if they built many more skyscrapers, their weight might cause Manhattan Island to sink into the ocean. Some folks are still hoping this will happen.

10-CENT TIP
Wally Reid was the film idol of the day, and nobody had even heard of Rudolph Valentino. He was learning to be a gardener. The red caps at a railroad terminal were glad to handle your luggage at a dime a bag.
The local barbershop served as the poor man's club — and the

town's main forum of political discussion.

Mothers took for granted their children would get chicken pox, measles and mumps, but prayed they would be spared scarlet fever and diphtheria.

SHADY LADY
Businessmen worried more about getting appendicitis than heart attacks.

A woman who smoked a cigarette in a restaurant was regarded as a shady lady. Fathers gravely assured their sons that if they smoked cigarettes they certainly would die young of tuberculosis.

A young man could go to a pool hall and keep his social standing, but if he were seen hanging around a bowling alley—well, it started talk.

With only a dollar bill in your wallet, you could impress your best girl by taking her to a movie, stop off later at the ice cream parlor for a couple of big double-dip sodas, spend an hour together sparkling on her front porch swing—and still get home before midnight with a dime left in your pocket.

NO TELEVISION
Social critics decried the arrival of network radio, predicting it would ruin the art of conversation in the American home.

The ordinary man knew nothing of television or space missiles. Parents had no problems with bubble gum or fretted about whether it was right or wrong to spank a child. Nobody knew how to spell cholesterol or went on a diet unless he was in a hospital. You could still be fat without feeling guilty. And only the wealthy ever got letters from the income tax collector.

Those were the days!

TOP SECRET IS LABEL ON FIRST LADY'S STYLES

NEW YORK (AP) — Designer Oleg Cassini has declassified three top-secret sketches of the new First Lady's fashions for inaugural and spring activities.

The suave, mustached couturier Thursday gave the press descriptions and sketches of a gown and a daytime ensemble of a dress and coat he designed for Mrs. John F. Kennedy. He also included two sketches of proposed trends.

Still under wraps are details of the gown she will wear to the Jan. 19 gala.

GREAT MOMENT

"My desire is to protect Mrs. Kennedy in her great moment," Cassini told more than 200 fashion writers from the nation's newspapers jamming his news conference. "It's not every day you become First Lady."

In his sketches Cassini, Paris-born, Italy-reared Russian defender of the American look—feminine, form-fitting clothes—seemed to have tempered his figure-hugging fashion convictions to Mrs. Kennedy's apparent liking for more relaxed lines.

The gown, for example, he described as "a mere covering of pristine white satin—one fluid line from shoulder to floor, unbroken except for the beguiling bow at the waistline. A completely natural look with the dignity and fineness that can only be achieved by simplicity of design."

The dress sketch showed a one-

TWO RAILROADS MERGE IN 2ND LARGEST UNIT

BALTIMORE (AP) — Only approval of the Interstate Commerce Commission is needed to form the nation's second largest network.

A merger of the Baltimore & Ohio and the Chesapeake & Ohio, endorsed by directors of both roads Thursday, would produce a company with 11,000 miles of track and assets of more than \$2.3 billion. Only the Pennsylvania is larger or richer.

B&O's endorsement of C&O's stock exchange offer had been in doubt until Thursday. The joint announcement of hopes for a "prompt unification" leaves the New York Central out in the cold.

ALSO OFFER

The Central also had made a stock exchange offer to the B&O and the two roads recently had been studying possible savings through affiliation.

Thursday's resolution by the

piece soft wool in fawn, a subdued beige. It's gently shaped to the figure with a natural shoulder and simple rounded neckline. Matching silk serge at the waistline and cuffs is the only accent.

The dress is to be worn with a soft-finish two-button wool coat in matching fawn color, with a semifitted shape, simple rounded neckline and an applied band from neck to hem. It has a detachable collar of Russian sable. The coat is lined with the same fawn silk serge accenting the dress.

Cassini, 47, obviously enjoying himself hugely, staged the news conference during the time he was allotted for displaying his spring collection of fashions for the 36th National Press Week gathering. He showed no clothes at all, giving over the entire period to a discussion of his Kennedy appointment and a question and answer session.

B&O and C&O directors said neither line will continue or enter into merger discussions with any other railroad until the ICC acts. Central officials had no immediate comment but had said earlier they would fight a B&O-C&O merger.

The B&O - C&O marriage was proposed last June by C&O. It offered to swap one share of C&O common for 1 1/4 shares of B&O common and one share of C&O common for one share of B&O preferred.

DIVIDEND RATE \$4

As of Dec. 22, C&O president Walter J. Tuohy said 55 per cent of the outstanding shares of B&O stock had been offered for exchange. B&O President Howard Simpson Thursday urged all other shareholders to agree to the swap.

C&O's dividend rate is \$4 a year on each share of common stock.

The B&O paid \$1.50 in 1960 but has cut the rate for this year to

60 cents.
Both lines derive more than 95 per cent of their revenue from freight, operating between the Atlantic Ocean and the mid-West.
The C&O is the country's largest hauler of coal and the seventh largest railroad in terms of revenue. The B&O, also a major coal carrier, ranks sixth in revenue.

Kennedy Administration Expected To Give Priority To His Farm Pledge

Editor's Note — President-elect John F. Kennedy has promised vigorous action to increase the farmer's income. How will he go about fulfilling this pledge and others to aid urban centers? Here's a review of the broad shape of Kennedy's probable attack on problems of the farm and city, last in a series of five on policies of the new administration.

By OVID MARTIN
Associated Press Farm Writer
WASHINGTON (AP)—The Kennedy administration has promised to help farmers attain a higher level of prosperity and to assist city dwellers in coping with mushrooming municipal problems.

But the new team will get to work quicker on problems of farmers than those of their city cousins.

Orville L. Freeman, former governor of Minnesota, will take over the Department of Agriculture, with its vast system of field offices and farmer committees, on Jan. 20.

One of his first steps is expected to be assurance to farmers that they can look for better days before the year is out.

MORE TIME FOR CITIES

Insofar as the cities are concerned, it may take more time to develop a coordinated assistance program to solve complex problems of slum clearance, mass transportation, urban planning, sewage disposal, juvenile delinquency and education. The Democratic platform promised city folk a seat on the president's Cabinet

and Kennedy has endorsed a special report by urban experts calling for creation of a Cabinet-level department for urban affairs. However, no time schedule was indicated. The post would require approval by Congress.

The attack on the farm problem is expected to have two phases. One would greatly broaden measures to increase consumption of agriculture's super-abundant production both at home and abroad.

TIGHTEN CONTROLS

The other would tighten government controls on farm production—in cases approved by farmers—to help prevent excessive output.

Nevertheless, Kennedy has said that abundant farm production—now represented by huge surplus stocks—would be regarded as a blessing and not as a curse.

The administration is expected to move cautiously in development of its programs. One reason is that of the Midwestern farm belt voted for Nixon rather than for Kennedy.

Details of the farm program will be developed after a big farm conference of leaders of farmers' own organizations in Washington Jan. 26. This meeting—arranged by Kennedy and Freeman at New York last week—is designed to help the new administration draft policies that would be widely accepted by producers. Some new farm legislation doubtless will be required.

GOAL SPELLED OUT

While the details may be lacking, the Kennedy farm goal has been spelled out repeatedly. It is action by the government to enable the family farm to earn in-

comes on a par with those of other economic groups. Presently, farm income averages considerably below that of nonfarmers. It also is down about a fourth from what it was eight years ago.

To be decided are methods and devices to raise the income level. Both Kennedy and his party's platform proposed use of rigid production controls, higher price supports, production payments to producers and marketing orders and agreements.

These devices have run into sharp opposition from some farm organizations, including the influential American Farm Bureau Federation. The Federation, like the outgoing Eisenhower administration, wants to reduce government's role in agriculture.

The Kennedy farm program could result in somewhat higher food prices for consumers and possibly higher taxes for taxpayers. However, Kennedy has said that this need not be the case. Freeman himself has said the farm program would exploit neither consumer nor taxpayer.

The Kennedy proposals for urban areas contemplates a four-point 10-year improvement program, as follows: (1) federal aid in elimination of slums; (2) federal aid for metropolitan area planning and community facilities development; (3) federal aid for comprehensive metropolitan transportation programs, including bus and rail mass transit, commuter railroads as well as highways and civil airports; and (4) expansion of park systems to meet recreational needs of the growing urban population.

TERRY DOWNES CONFIDENT OF TITLE MATCH

By MURRAY ROSE
BOSTON (AP)—Britain's Terry Downes is confident he can whip Paul Pender under any conditions—fair or foul—in the ring Saturday night.

The two ex-U.S. Marines met in a television 15-rounder at the Boston Arena for Pender's portion of the world middleweight title. The Brookline, Mass., boxer is recognized as champion by Massachusetts, New York and Europe. Gene Fullmer of Utah is hailed as king of the 160-pounders by the American National Boxing Association.

"RABBITS OF OWN"

Downes, who holds the British title, said he wouldn't turn the other cheek if Pender uses illegal rabbit punches (blows against the back of the neck) against him as he did in two title fights here with Sugar Ray Robinson.

"If he uses rabbits on me, I'll give him some rabbits of my own," said the articulate, American-trained Londoner.

WEARABILITY FEATURED IN SPRING STYLE

By JOY MILLER
AP Women's Editor
NEW YORK (AP)—Nobody expected a great new silhouette for spring 1961. And one hasn't materialized.

This means, with the end approaching for the New York couture group showings, you can chalk up the season as one of the more successful for fashion forecasting.

In lieu of lines, designers have shown the 200-plus visiting fashion writers attending the 36th National Press Week of tender regard for wearability and an adventurous awareness of fabrics.

ONLY CUSTOMERS

Four fashion houses presented their couture concepts Wednesday and they boiled down to: costumes, costumes, costumes, costumes.

Roxane of Samuel Winston made a dramatic departure. Instead of the usual combination of solid jacket and skirt with print blouse and matching print jacket lining, she came up with print jackets—the print forming the outside, that is.

Davidow went right along with the costume trend. His coat and suit coordinates for spring sported blouses in colors dyed to match, with the emphasis on monochromes.

Jackets in the Davidow collection ranged from just below the waist to the hipbone. One longer style was straight, but mostly the short jackets were boxy or cardigan and the longer were fitted. Skirts were straight but easy.

Paul Parnes' collection designed by Beni Claire was the usual highly wearable group of clothes women have come to expect from

good for me. I just hope I don't have to do it. I'd rather it would be a clean fight."

The odds favoring Pender have dropped a couple of points in the last few days. Pender, once an 11-5 favorite, now is the 9-5 choice.

this house. There was a great attention to detail, and a vast range of fabrics—from lightweight tweeds and wools, to sheer crepes, silk prints and embroidered or-gandy.

Parnes used lace appliques as generously as the succeeding collection of Harvey Berin's. The bias cut was big with Berin, and so were bloused backs on bodices, draped skirts with floating panels and gathers to soften slim skirts.

AWARDS GIVEN FOR HORSE PULL

HARRISBURG (AP)—Top prizes in the annual horse pulling contest at the Pennsylvania Farm Show were won Wednesday night by two Washington County teams.

The team entered by George Porter of Washington dragged 3,500 pounds for 27½ feet to win the heavyweight title after a team of Vance Litman, also Washington, won the lightweight title by pulling 2,900 pounds.

Each received \$75 for the victory.

A team entered by Ray Kessler of Millville R. 2, Columbia County, which has won 12 titles in past competition, finished fifth in the heavyweight division.

Other runners-up in the two divisions, in order, were: Lightweight, Edwin Hays, Bridgeville, Allegheny County; Robert Litman, Claysville, Washington County;

Delbert Isman, Marion Center R. 1, Indiana County, and M. O. 4, Pa.; Hetrick; Robert Stack-Hetrick, New Bethlehem R. 2, house, Unityville, Lycoming County. Heavyweight, 1 County.

Wise Men Were Optimists Says County Pastor

By Rev. Glenn Finchbaugh
Pastor, Redeemer's Church
Littlestown, Pa.

"The Wisdom Of The Wise Men"
The Scriptures proclaim that when Jesus was born, wise men from the East came to worship Him. No name is given to these men, nor is their native country mentioned. It suffices to say that they were students, astrologers, men of science, possibly from one or more of the Eastern countries such as Babylon, Persia, or even as far away as India. In those days, so-called star gazers were plentiful and they were pretty well scattered throughout the known world. In all fairness to this particular group of men who came seeking the Saviour, we might say—They were optimists.

Not many would follow a bright star, so great a distance, amid so dangerous traveling conditions. I would say, they traveled on the slightest and faintest cue. So it has often been of those who have dared to go forth to achieve or accomplish. The better scientists, not the routine scientists, had little to go on. Sometimes, only a ray of faith, a spark of hope, a little imagination. Those who discovered radium, the X-ray, chloroform, were told as they ventured forth that they had about one chance in a million. If so, they were willing to take that one in a million chance. Among those who did were Madam Curie, Louis Pasteur, Clerk Maxwell, Lord Kelvin and others. Wise men are optimists, not pessimists.

WISE AND OBEDIENT
Then too, they were wise in that they were obedient to the heavenly vision. They saw the

star; they followed it. Many there are that see the greater light but do not follow in it. Call it the gleam of truth, the higher goodness, call it conscience, call it what you will, it does come to each in his own way—that challenge to seek the better, holier life. The Star of Bethlehem is representative of much—it represents all that is pure, and fine, and noble, and when it is thrust upon us, we could remain unmoved, unchallenged. The tragedy of so many is not that we do not see His star, but that we have

not journeyed in the light. Would that we could say with the Apostle Paul, the Wise Men, and others, "I was not disobedient to the heavenly vision."

MEN OF TOLERANCE

Evidently, these were men of tolerance, men who were broadminded in their feelings. They traveled far beyond their own borders, over mountain and plain, to seek a common good. If what had happened in 1 A.D. would have happened in 1961, would we have dared to go? I suspect some would say, what good things

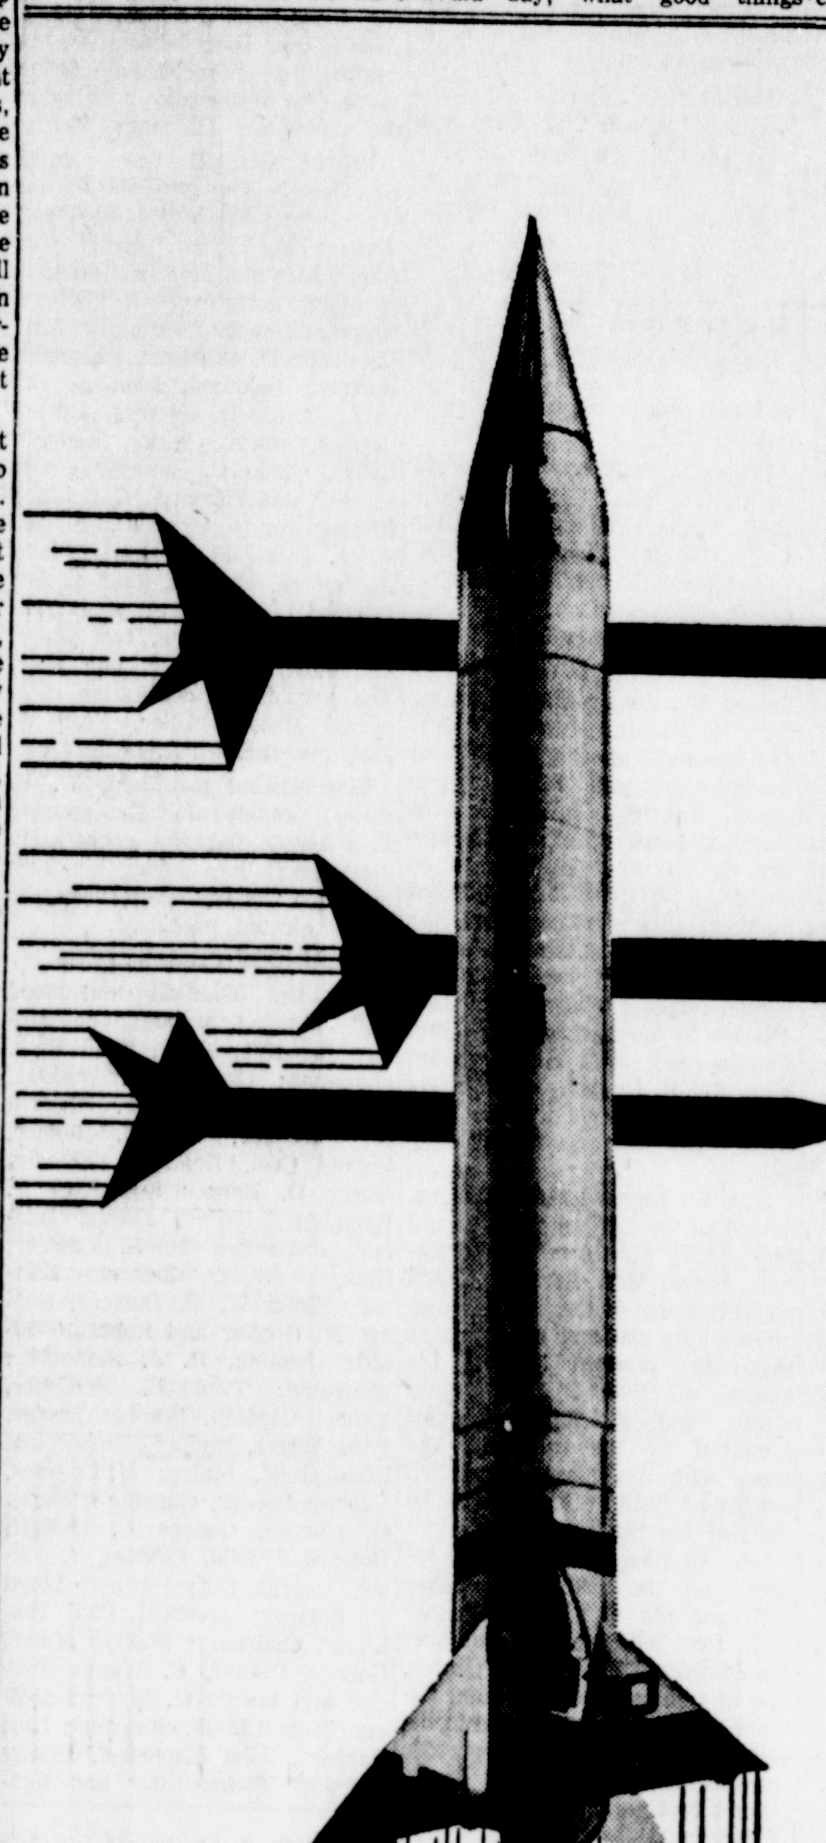

could come from the little country of Israel? What foreign God or deity could be born there? And we would be skeptical, doubtful, selfish nationalists, thinking that good alone is to be found within our own borders. Our misfortune is not that we have never traveled in a foreign country, be that as it may, our most serious tragedy is in never giving thought to another country, — its ways, its needs, its problems. One of the great hymns of the Christian church written in the twentieth century might well have been written in the 1st century A.D., with the Wise Men in mind:

"In Christ there is no East or West
In Him no South or North;
But one great fellowship of love
Throughout the whole wide earth."

CAME TO WORSHIP

Be it also said, the Wise Men came to "worship." They did not come out of sheer curiosity; they did not come as idle gossipers; they did not come as mere newspaper reporters. Theirs was not a "profit motive" like that of the

materialist. They came at the leading of their hearts — to give gifts and to give themselves. They came to adore Him — to orient themselves toward God. Let us ask ourselves, do we come to the Lord or to the Lord's House to worship, or might it be for 101 other reasons, which, if we were asked, we would be ashamed to answer? May the day speedily come when they will not only ask it of kings, but of every servant in the household of God, "Where is he who is born king of the Jews . . . for we have come to worship him."

THE CHURCH FOR ALL — ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Community Cancer Center Discussed By Clubwomen

The possibility of establishing a cancer center in the community was discussed at the annual inter-club meeting of the Junior Women's Club of Littlestown and the Woman's Community Club of Littlestown and Vicinity Wednesday evening following the mission services in the Eagles' social hall.

Dr. Bruce N. Wolff, chief surgeon at the Warner Hospital, Gettysburg, through whose efforts one of the best equipped and one of the best staffed tumor clinics in the state was established in Adams County, and Mrs. Henrietta Blocher, executive director of the Adams County Cancer Society, who works with officials on state and national levels with regard to cancer, gave information on the disease itself and requirements for a local cancer center. A film was also shown on the subject. Dr. Wolff and Mrs. Blocher were introduced by Miss Evelyn C. Altoff, who is local chairman of the cancer drive.

TWO SPEAKERS

Dr. Wolff told his audience of approximately 125 members of the two clubs and guests of the various types of cancer and steps necessary to cure the ones that are curable and noted that symptoms should be checked promptly.

He stated that 265,000 deaths occurred from the disease in 1960, that one out of every four persons is a potential candidate for the disease in some form; that one-third of cancers can be cured by present methods; that one-third can be cured or avoided by education and that the other third, presently incurable, needs funds for research.

Thirty per cent of cancer funds go for research; 31 per cent for education; 23 for service of the patients, including dressings and transportation; nine per cent for fund raising and seven per cent for administration, he said.

Mrs. Blocher reviewed the cancer work in the county since the clinic was established in 1949. This does not include a diagnostic clinic but is one for patients who are ill. The diagnosis is made by the family physician, she said.

Mrs. Blocher explained the service program in the county and the vital need for additional workers. She noted that in 1954 a group of Littlestown women agreed to make cancer dressings and this work has been continued on a volunteer basis and is still being done when necessary. In the past two weeks, 16 cancer patients in the community have made use of the cancer service program. Mrs.

Blocher suggested that a committee be formed here, a distribution center secured, and a schedule for making bandages and for transporting patients be worked out. Cancer literature was distributed.

TO FORM COMMITTEES

The Junior Woman's Club members, who had previously discussed the possibility of adopting the cancer center as a project, voted to have a volunteer committee meet with a similar committee from the Woman's Community Club and with the county executive director and other officials, and if a room can be secured and sufficient women will volunteer their services the center will be established locally under their sponsorship. The Woman's Community Club members voted to support the program with their "fullest cooperation" and to have a volunteer committee work with the Junior Club committee. Members who would volunteer in their respective clubs are to give their names to their club president.

Mrs. Richard Emerson of the program committee from the Junior Woman's Club, hostess club for the meeting, welcomed the members in attendance. Members of both clubs first attended the preaching mission service. Following the pledge of allegiance the club collect was read by Mrs. Paul E. Altoff, Woman's Club, and the Junior Club was read by Mrs. Paul F. Boller Jr. Mrs. Woodrow D. Crabbs, Junior Club president, also extended a welcome and presented Evelyn C. Altoff, after which the portion of the program concerning cancer and the center, was presented.

A film entitled "Your Home As You Like It" was shown prior to the business meetings and booklets on decorating were distributed. Barry Fissel, high school student, was projectionist for the evening.

2 NEW MEMBERS

It was voted to dispense with routine reports for the business meeting. Mrs. Robert H. Miller, president of the Woman's Community Club, presented new members, Mrs. Audrey Osborne and Mrs. Howard Study. The membership chairman, Mrs. Carrie Strine, presented prospective member, Mrs. Edward A. Sheets.

Mrs. Miller announced the Fine Arts sewing contest and the date of the fashion show sponsored annually by the club on April 26 in the high school auditorium. Participation is only by members of the two clubs and of the immediate families and all fashions modeled are hand-sewn. It was also announced that the local library continues to be manned by members of the club and is open every Monday evening.

Mrs. Monroe J. Stavely of the Warner Hospital Auxiliary announced that the annual rummage sale sponsored by the auxiliary, will be held in the Hotel Gettysburg annex, April 7 and 8. Anyone desiring to contribute

Young Convict Is Blamed For Riot

PHILADELPHIA (AP) — Dist. Atty. Paul M. Chalfin says a 30-year-old convict from Pittsburgh and New York serving a term for aggravated robbery was the "main planner and prime mover" in an attempted jail break at Eastern State Penitentiary last Sunday night.

Chalfin said Thursday an investigation showed that the convict,

Deomonie Codispori, enlisted the support of four murderers in the plan.

Chalfin said Codispori will be charged with the "entire book," including prison break, riot and taking hostages. The district attorney added that 35 convicts took part in the attempt.

Chalfin also disclosed that five murderers under the death sentence have been transferred to the state correctional institution at Graterford as a precaution against further incidents.

The Ladies' Auxiliary of Ocker-Snyder Post No. 321, American Legion, met after the community preaching mission service Wednesday evening at the home of Mrs. Noah C. Snyder, N. Queen St., when plans were announced for the Littlestown Junior-Senior High School students to participate in the annual Americanism contest. The students may compete by writing a 500-word essay on the subject, "Why I Believe in America." The essays should be in the hands of the unit president, Mrs. James W. Fager, by March 1.

Those chosen as the winning essays from the local high school by the unit will be submitted to the Four-County Council chairman by March 15 to later be passed on for state competition. The awards of cash being offered by the department for the best essays in the senior high group follow: First, \$60; second, \$25, and third, \$10; in the junior high group, first prize, \$40; second prize, \$15, and third, \$5.

Mrs. Fager conducted the session and announced that 82 members are enrolled in the unit. The reports of Mrs. Wilbur E. Mackley, secretary, and Mrs. Ivan D. Rickrode, treasurer, were heard. Mrs. Harry D. Scholl told of the December visit with an auxiliary member, Mrs. Catherine Ecker, Harrisburg, and conveyed the latter's thanks to all those who remembered her with gifts and cards over the holidays.

As community service chairman, Mrs. Fager announced that the following hospital equipment is available for community use: One bed, one wheelchair, one bedside commode chair and one pair of adjustable crutches; as coupon chairman, she reported that 1,346 coupons were sent in to the department last month. The cheer committee reported the illness of one member, Mrs. Harry Long.

DISCUSS JUNIOR UNIT
Contributions voted were \$5 to the March of Dimes; \$5 to Crusade for Freedom, and the yearly dues to the Adams County Home Auxiliary. There was a discussion on forming a junior organization with the daughters of eligible Legion members. Any member who has an interest in starting such an organization will have the support of the unit. Mrs. Amy Shryock, Hanover, director of the Four-County Council, has contacted Mrs. Fager concerning this matter.

The country selected for the Pan American study is Chile. Information on this country may be obtained from the Pan American Union, Washington 6, D. C. February is Americanism month and Mrs. Donald L. Bedford is chairman.

Entertainment and refreshments for Wednesday evening were in charge of Mrs. Snyder and Mrs. Rickrode. The auxiliary will meet again on Wednesday, February 8, at 7:30 p.m. at the post home. The hostesses will be Mrs. Vernon

2 Contributions Voted By Society

The session opened with the group singing "O Where Are Kings and Empires Now" and "Rise Up, O Men of God." The topic, "What We Believe About the Church," was discussed by Mrs. George Shultz Jr., Mrs. Junior T. Bittle and Mrs. Ralph Flickinger. Mrs. Fred Rudisill read the Scripture and Mrs. Paul Chronister offered prayer. The birthdays of Mrs. Atlee Breighner and Mrs. Percell Worley were noted.

Mrs. John H. Hartlaub, president, presided and heard the report of the secretary, Mrs. Percell Worley. It was decided to pack a sunshine box for Mrs. B. E. Bixler and Mrs. Rodney Harner was appointed in charge of this project. Protestants And Catholics Will Kneel Together Next Week And Pray Separately

By JULES LOH

NEW YORK (AP)—Protestants and Catholics throughout the world next week will kneel together—and pray separately.

They will be praying for unity—though with different ideas of the form it should take—in dual observances of a devotion as unique in origin as it is in practice, and one which goes far beyond any current endeavor of the popular ecumenical movement.

Unlike most current ecumenical efforts being carried out by learned church leaders on a lofty theological plane, this is an annual assault on religious differences by simple people on their knees.

UNITY OCTAVE
Catholics call it the "Chair of Unity Octave," the World Council of Churches calls it the "Week of Prayer for Christian Unity." It will be observed Jan. 18-25.

Can persons pray together from opposing positions?

The question itself, says Dr. Keith Bridston, secretary of the World Council's Faith and Order Commission, helps participants "to sense the naked scandal of Christian disunity."

He feels the observance at least brings the churches together to face their differences, and "this is one of the most creative things it can accomplish."

NO MISTAKE
There is no mistake, however, about the route the founder of the observance had in mind for his prayer movement.

His name was Lewis Thomas Watson, a deeply religious man and an eloquent speaker who graduated from the General Theological Seminary in New York in 1885 and assumed the name Father Paul James Francis.

From his earliest days in the ministry he dreamed of establishing an order of Anglican friars dedicated to the apostolate of unity.

ATONEMENT SOCIETY
This he did in 1898, in the monastic quiet of Graymoor, near Garrison, N.Y., across the Hud-

son River from West Point. Father Paul called his new religious order the Society of the Atonement. He explained he chose the word not in its usual sense of expiation, but because of its literal, though archaic, connotation of at-one-ment, reunion. He and his 16 followers, including a small group of Anglican nuns, by this time were convinced they should be Roman Catholics.

For 11 years, however, they refused to desert their faith individually. Instead they worked toward corporate reunion with Rome of the entire Anglican Church. In their zeal, they considered such a goal attainable.

NO HESITATION
Finally in 1909—a year after his friars conducted their first octave of prayer for unity—Father Paul turned for advice to his Anglican superior, the Rt. Rev. Frederick J. Kinsman, bishop of Delaware.

"Either give up belief in a divinely established papacy and in Roman dogmas," advised the bishop, "or else give up Anglican orders—and be a good Roman Catholic. I have no hesitation in saying that if I were in your position I should choose the latter alternative."

Before the year was out the Society of the Atonement became the first non-Catholic religious community ever received as a group into the church of Rome.

ORDAINED LATER

Father Paul was ordained a Catholic priest eight months later, and in the years that followed he watched his society grow into a sizable religious order with more than a dozen houses in North America.

Its goal of Christian unity never has changed, and has remained focused on the eight days beginning with the Catholic feast of the Chair of St. Peter in Rome, Jan. 18, and ending on the feast of the conversion of St. Paul, Jan. 25.

TREASURY MAY REQUIRE MORE FINANCES NOW

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP)—While President Eisenhower is readying his final federal budget which he says will be balanced, his Treasury Department is reporting it needs more cash now.

The reasons is that tax collections continue to disappoint. And the reason they do is chiefly that business activity continues to lag behind the Treasury's earlier estimates, even its sharply lower guess last October. The tie between the Treasury's health and that of business is a close one.

And while President-elect John F. Kennedy is preparing his inaugural address which may show what he expects of business activity, his choice for Treasury secretary, Douglas Dillon, is telling senators that slow tax collections may cause a deficit in the fiscal year starting July 1, no matter what the budget offered next Monday may predict.

PLIGHT IS SERIOUS

The Treasury's present plight isn't serious. It is seeking \$100 million in new money now — a mere dab in a \$81-billion budget and a 90-billion federal debt—although it may seek still more cash in the next few weeks.

And the Treasury expects any cash stringency to disappear after February when collections from income tax returns normally pick up.

Last January the Treasury was expecting to have a \$4-billion surplus when it closes its fiscal books

WILL DECIDE LATER ABOUT INDICTMENT

By RUSSELL H. MULLEN
TRENTON, N. J. (AP)—Atty. Gen. David D. Furman hopes to decide within two weeks whether to seek indictment of Dr. Albert D. Weiner of Erlton on charges of involuntary manslaughter.

The South Jersey osteopath's license to practice in New Jersey was suspended by the State Medical Board Nov. 16. The State Health Department reported 45 of his patients contracted the acute liver disease and 14 of them died.

The demands were made Wednesday to manufacturers' groups representing 2,288 dress shops in New York, Pennsylvania, New Jersey, Connecticut, Massachusetts, Rhode Island and Maryland.

Charles S. Zimmerman, general manager of the Dressmakers Joint Council of the International Ladies Garment Workers Union, said a strike will be called if a new contract is not agreed on by Feb. 28.

Dress workers average about 68 a week. They drew pay for an average of 40 weeks a year. One is still in critical condition.

The medical board Wednesday voted to continue Weiner's suspension pending completion of its investigation. Board President Dr. Ralph M. L. Buchanan of Mendham said he would give Furman a complete report as soon as possible "for whatever action he may deem necessary."

Buchanan indicated it might take a month for the board to make up its mind on the future status of Weiner's license and Furman a report, but sources close to the attorney general said he is looking for action within two weeks.

Furman has asked the board not to take final action on Weiner's license until he decides whether to press criminal charges.

Buchanan's statement came after the board met privately for more than three hours with Dr. Carroll M. Levey, a specialist in liver disease at the Jersey City Medical Center, and investigators in Furman's office.

The investigation is still trying to pinpoint the exact manner in which the disease may have been transmitted to Weiner's patients, Buchanan said, adding, "We don't want to accuse a person until we have evidence—conclusive evidence."

The attorney general also disclosed that the state has traced a woman patient of Weiner's who may have been the original carrier of the disease. Furman refused to give the woman's name but said she has been questioned by investigators.

Garment Workers Ask Pay Increase
NEW YORK (AP)—The Garment Workers Union has asked for a 10 per cent pay raise and welfare benefits for 90,000 dressmakers in seven states.

The demands were made Wednesday to manufacturers' groups representing 2,288 dress shops in New York, Pennsylvania, New Jersey, Connecticut, Massachusetts, Rhode Island and Maryland.

Charles S. Zimmerman, general manager of the Dressmakers Joint Council of the International Ladies Garment Workers Union, said a strike will be called if a new contract is not agreed on by Feb. 28.
